

Daily Academic Vocabulary**Week Eighteen**

Directions: One a new sheet of paper, write the correct heading. This will be warm ups for week one. Make sure that each day you label the day of the week, and the date. (Remember, the date is on the back board.) If you are absent on one of the days of the week, you need to write absent for that day. You do not need to make of the missing day. If you are absent, you need to turn in your warm ups for the week on the day you return.

Day 1 Monday Weeks 10 – 17 Review

Fill in the blanks with words from the box.

accumulates	classifications	excludes	latter	omission
acquiring	classified	former	manner	strategy

What do pencils and diamonds have in common? Although people write with the _____(1)_____ and wear the _____(2)_____, both a pencil “lead” and a diamond are made of pure carbon. Carbon, the sixth element on the periodic chart, is _____(3)_____ as a nonmetal. It is a basic building block in over 10 million organisms and substances! In a pencil “lead,” the carbon atoms group together in layers. When carbon piles up and _____(4)_____ deep underground, the atoms group together in cubes and form diamonds. With the help of diamond’s plain grey-black cousin, you can create writing that sparkles!

Day 2 Tuesday Weeks 1 – 8 Review

Fill in the blanks with words from the box.

accumulates	classifications	excludes	latter	omission
acquiring	classified	former	manner	strategy

We have two _____(1)_____ for players on our volleyball team, beginning and advanced. My coach thinks I might have a chance to play with the advanced players this year if I use a _____(1)_____ of consistent practice and effort. I’m already working on _____(1)_____ more skills, such as a stronger serve. I am working on my _____(1)_____ of cooperation with other players, too. My coach told me that it’s often the _____(1)_____ of team spirit and lack of effort that _____(1)_____ players from moving up to the advanced team. I am going to work as hard as I can!

Day 3 Wednesday Weeks 1 – 8 Review

Fill in the blanks with words from the box.

account	analyze	infer	omitted	systematic
account for	compile	involved	system	version

Tracking was my favorite part of outdoor science camp. We had to use facts and observations to ____ (1) _____ what kind of animal made that track. One of the ways we ____ (2) _____ a track was to count the number of toes the animal had. Then we measured the length and depth of the track. Other information was gathered in a ____ (3) _____ way and ____ (4) _____ in lists. This included the direction the track was going and what animals lived in the area. However, sometimes factors such as rain would ____ (5) _____ us not finding many tracks.

Day 4 Thursday Weeks 1 – 8 Review

Fill in the blanks with words from the box.

account	analyze	infer	omitted	systematic
account for	compile	involved	system	version

Naomi and her younger sister, Alicia, each wrote an ____ (1) _____ of their trip to Puerto Rico.
