

# My Metric Collage

Create a collage using pictures or labels from magazines, canned foods, bottles, etc. (or you can draw the pictures) showing examples of meters, liters, and grams. Follow the rubric below.

5 different pictures/labels representing meters \_\_\_\_ / 5 points

5 different pictures/labels representing liters \_\_\_\_ / 5 points

5 different pictures/labels representing grams \_\_\_\_ / 5 points

Collage organized & labeled in 3 separate sections (meters, liters, grams) \_\_\_\_\_ / 3 points

Title of collage \_\_\_\_ / 1 point

Name and class period \_\_\_\_ / 1 point

TOTAL \_\_\_\_ / 20 = \_\_\_\_ %

No beer/alcohol bottles, ads, or pictures. No tobacco ads. Add color to make your collage stand out. Can be any metric unit ending in meter, liter, gram (km, mg, kL). Label pictures with explanation. 5 different pictures (not 5 people to represent grams).
