

# Smart Shopping

Directions: Compare each pair of identical products by dividing the total price at the top of each box by the quantity to find out how much you will pay per unit of weight. Circle the box that has the better price. Sometimes a larger amount does not mean a better price! And, since you'll probably use a calculator when you go to the store, go ahead and use one for this page!

<b>Raisin Bran Cereal</b> \$4.50 Price per oz: <hr/> 25 oz		<b>All-Purpose Flour</b> \$3.60 Price per oz: <hr/> 15 oz		<b>All-Purpose Flour</b> \$4.99 Price per lb: <hr/> 25 lb		<b>All-Purpose Flour</b> \$0.90 Price per lb: <hr/> 5 lb
