Finding Number of Hours Worked

Joey worked 2 hours Monday through Friday after school. On Saturday he worked 8 hours. He wanted to know how many hours he had worked.

First Joey multiplied 2 hours by 5 days (Monday through Friday). This made 10 hours worked.

Next Joey added the 8 hours he worked on Saturday to the 10 hours he had worked during the week. This made a total of 18 hours worked.

I WORKED 8 HOURS DAILY FOR 5 DAYS AND 10 HOURS on SATURDAY PAINTING CEILINGS!

Directions: Find how many hours each person below worked.

1. Sal worked from 1:00 p.m. to 4:00 p.m. Monday through Friday. On Saturday she worked a full 8 hours.

2. Sara Catherine worked from 4:00 p.m. to 6:00 p.m. on Monday, Wednesday and Friday. On Saturday she worked 10 hours.

3. Dean worked from 8:00 a.m. to 4:00 p.m. Monday through Friday. On Saturday he worked from 10:00 a.m. to 6:00 p.m.
