Circle the 13 misspelled words below.

Dear Diary,

Our principle, Mr. Duncan, announced some exciting news yesterday! The senior class is going on a trip threwh Italy. We have to do a lot of things to get ready. First, we have to write letters on school stationary explaining to our parents what a positive affect this trip will have on our educations. We must persuade them that we should ceize this important opportunity. Next, we have to obtain reservations at a youth hostile in Florence. Finely, we have to undergo a through physical examination to make sure we are healthy.

Our conversations about the trip never seem to sease. It is all we can think about! Mr. Duncan advises us to have patients, but we are all counting the days until our departure date.

When our tickets arrive next month, Mr. Duncan will keep them in the school safe so that we do not loose them. I think he believes that out excitement will effect our ability to be responsible. It is a little bit annoying, but we are too happy to be hostel toward him.

I think this is the most exciting thing that has ever happened to me!

Ciao, Madeline
