Circle the 12 misspelled words below. Write the words correctly on the lines.

News flash! A clever criminal broke into the museam lat night and stole a valluable sculptoor. The beuatiful statue wonce stood in front of a palace in the countrie of France. The police detective dous not know how the thief was able to get away with his crime, as all of the customery security measures were in place. The guards reported no unnusual activity during the night. The only clue is a large thumprint on the glass case that held the statue. The police says that he will go to the ends of the univurse to find the fujitive.
