# Copyright/Privacy

Copyright, privacy and security, and universal access by all individuals are the three Web-related concerns of individuals, organizations, and businesses today. **Explain public opinion** and **your personal opinion** regarding one of these issues. **Visit** the World Wide Web Consortium (W3C) Web site at [w3c.org](http://w3c.org) and **identify** its position and any current or proposed specifications regarding the issue. **Surf** the Web to identify a Web site that is addressing this issue successfully and **explain** the methods being used. **Staple** everything you have compiled and concluded to this sheet.
